

Harness Rewebbing Program Form

Please note: NASCAR SFI-16.5 and FIA Certified Harnesses can not be rewebbed.

Remove all Snap Hooks or any additional aftermarket hardware before sending in your harness. These items WILL NOT be returned and no refund will be given for them.

THE REWEB PROGRAM IS DESIGNED FOR SFI CERTIFIED HARNESSSES ONLY!

Date Sent to G-FORCE: _____

Type of Harness:

Latch & Link - \$54.99

Cam Lock - \$109.99

Harness Specifications:

This is how I would like my harnesses to come back to me. Please note that not all combinations are available. Please call if you have questions about specific harness combinations.

Shoulder:

- Individual (Two belts where one end mounts to the car, the other to the locking mechanism.)
- V-Type (Has ONE perminately sewn in bolt in end that would mount to the car. Available in Latch&Link only.)
- U-Type (One belt with both ends mounting into the cam lock. Available in Cam Lock only.)
- H-Type (Like Individual Shoulder but are longer: can extend up to 80")

Lap Belts:

- Pull Up (Pull up and away from the mounting point to tighten)
- Pull Down (Pull down and away from the Cam lock or Latch&Link to tighten)

Submarine Strap:

- Single
- Double
- Triple

Color:

- Black
- Blue
- Red
